# TWO WAY TALK

---

The video door bell is equipped with built-in camera and microphone allowing a two-way model to let you communicate with ease and comfort.

Hello! Please place the parcel by the door

# CONNECTION

## SET UP ROUTER

The router only supports 2.4GHz Wi-Fi (doesn't support 5GHz). Please set the parameters of the router before connecting to the Wi-Fi network, and record the SSID and password of your Wi-Fi.

Please keep network available

**2.4GHZ**

**5GHZ**

# IP65 WEATHERPROOF

## Weather Proof

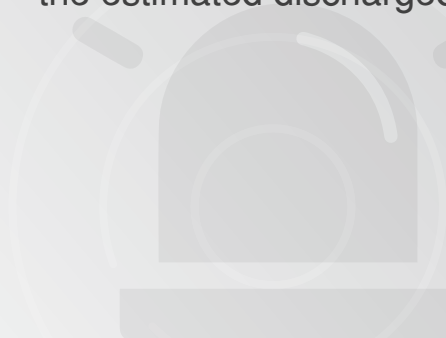

IP65 protection against dust and water jets from all angles, making it weatherproof.

## LOW BATTERY ALARM

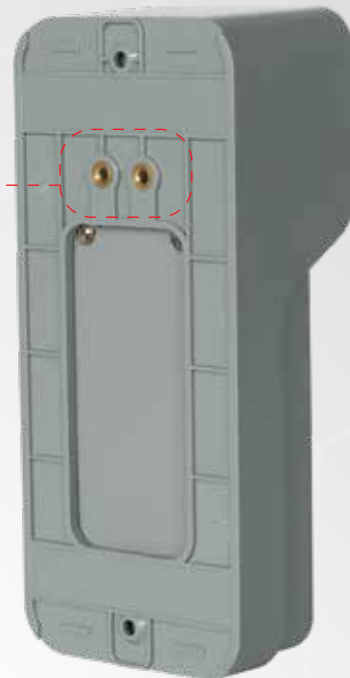

The device triggers an alarm if the battery comes below a predefined voltage threshold 4.8V reminding users to replace batteries days prior to the estimated discharged period.

## POWER SUPPLY

**6700 mAh** Rechargeable Battery

AC 12~24V (AC supply)  
Wired Power Supply (Optional)

## EXTERNAL USB PORT

Use DC 5V/1A adapter to charge the Built-in Rechargeable Battery.
